

Improve your district technology investment with a free Plan Scan from HP.

As part of HP's commitment to K-12 education, we have partnered with Knowledge Network Solutions, Inc. (KNS) to offer districts a free assessment of your technology plan.

KNS's team of highly qualified education consultants assess instructional technology plans and provide recommendations for success. The HP Plan Scan consists of a free two-hour review of your district instructional technology plan with recommendations delivered to your district personnel.

Benefits of the HP Plan Scan include:

- Alignment with your district's mission and vision
- Unbiased review of your plan using our Plan for Success Checklist for use by your technology committee
- Integration by year of curriculum, professional development, infrastructure, support (technical and instructional), funding and marketing for a well-managed plan
- Increased funding opportunities with well-defined goals, objectives and strategies
- Promotional and rollout recommendations to help in obtaining community (parents, industry, local government) support
- Graded qualifications for eRate, EETT, NCLB funding opportunities

To request a free HP Plan Scan, e-mail your latest plan and contact information to Jon Beard at jonb@knowledgenetworksolutions.com or call 919-848-8972.

HP Professional Services Partner, Knowledge Network Solutions, Inc. (KNS), has been assessing and facilitating district instructional technology plans since 1995. Working with state, district and school-level instructional technology plans, KNS has proven experience, processes and best practices for ensuring successful planning. KNS has developed a successful five-step process for planning instructional technology and offers services for assessment, facilitation and instruction for educational institutions across the United States.
